Hi team. Thanks for the information Michelle. I sincerely apologize for my error in sharing the document. Moving forward, I will not share it with anyone else.

Take care, see you all soon.

Good evening Carlos!

I hope this finds you well since we last spoke (when we met!) Thanks so much for flagging that there may be overlap in the work you're pursuing next year. We're always interested in hearing from our clients what will be most useful even as we make recommendations about the nature of our partnership. As such, I've completed the Doodle poll. It will be interesting to hear more about OCHR's work.

I'm writing, however, with a request. Please do not share the scope with anyone outside of this group and the UCI/ACHSD leadership team. While a high level description of our services is available on our website, what we sent to you Adriana and Stephanie represents a level of detail we don't provide as general information unless we have entered into partnership conversations specifically with prospective clients who seem ready to commit but need a bit more detail to make their final decision.

As you're continuing to weigh your options and consider how our services and other organizations', in this case OCHR, compare, I'd ask that you hold the document we created for you in confidence.

Thank you for your consideration and looking forward to reconnecting with the group soon.

with gratitude,
Michelle

Good afternoon everyone. By way of this email, I would like to introduce this group to two significant initiatives that the Anaheim Union High School District is planning to execute beginning in the 2021-22 school year, ofcourse in partnership with your organizations.

Partnership with The Center for Racial Justice in Education: We have identified Cypress High School and Katella High School as the schools will be a part of this amazing partnership to deepen their knowledge of the history and definition of race and racism, enhance their understanding of the how race and racism manifests in institutions and the lived experiences of youth, practice applying a racial equity lens to scenarios related to race and racism in the organizations, and gain strategies for creating racial equity in institutions.

Please see the attached Scope of work for greater detail of our partnership.

Partnership with Orange County Human Relations (OCHR): We are planning to offer each of our high schools the [Implicit Bias Training](#), along with [Restorative Justice Every day training](#).

In speaking to district leadership, we feel there may be overlap with these two partnerships. We would like to request a meeting with all of you so that we can ensure we understand the scope of work and see how to best move forward with these two amazing partnerships.

PLEASE Use the following DOODLE POLL link to see when all are available.

Thank you so very much for the upcoming partnership. Looking forward to our meeting together!
